Badges, Points & Gamification Guide

Every cleanup counts. Every spot reported matters.
Every action earns you recognition.

Version 1.0 | March 2026 | globalcommunitycleaners.org

How Points Work

Every action you take in the GCC app earns Community Points (CP). Points reflect the real value of your contribution to the community. The harder or more selfless the action, the more points you earn.

Action	Points	Why This Matters
Report a spot	50 CP	Your eyes keep the community informed
Clean unbountied spot	200 CP	Pure community service - no cash, just heart
Report AND clean same spot	250 CP	Full lifecycle hero - saw it, fixed it
Clean a bountied spot	75 CP	Cash bounty is main incentive, so fewer pts
Complete a route	100 CP	Core job well done
Post a public bounty	25 CP	Funding the community good
Post a secret bounty	40 CP	Anonymous generosity, extra recognition

> THE GCC PHILOSOPHY: Altruism pays more. Cleaning a spot with no bounty earns 2.7x more points than cleaning one with a cash reward. People who show up because it's right deserve the most recognition.

Bonus Multipliers

Stack these on top of your base points for even bigger rewards.

Streak Bonuses

Streak	Multiplier	Bonus
3-day streak	1.2x	20% more points on every action
7-day streak	1.5x	50% more points + Week Warrior badge
30-day streak	2.0x	Double points + Monthly Champion badge

Situational Bonuses

Bonus	Reward	How to Earn
Early Bird	+50 CP flat	Clean a spot within 1 hour of report
Weekend Warrior	+25%	Clean on Saturday or Sunday
Weather Hero	+30%	Clean during rain or snow
Night Owl	+20%	Clean between 6 PM and 6 AM

> BONUSES STACK! Clean during a snowstorm on a Sunday night with a 7-day streak? That's 1.5x base + 30% weather + 25% weekend + 20% night. Your neighbors will thank you - and your point total will show it.
